I CONTINUED OS BOARD BECAUSE...

Snowball has always been my safe space, where I could be myself and I could share my passions. Snowball is the thing I am most passionate about and I wanted to take on a new role in helping create an even better Snowball community throughout the state of Illinois.

OUTSIDE OF SNOWBALL...

I am a full time student in high school (soon to be college). I volunteer for Special Olympics at my high school and I am on a Youth Activation Committee for Special Olympics as well. I also write for my high school newspaper and local town newspaper. I love to golf and play water polo!
