### I CONTINUED OS BOARD BECAUSE...

I was always shy growing up but when I got to high school and became a part of Operation Snowball I knew I had become a part of something special. This program has taught me so much about myself and about others; now as an adult I wanted the opportunity to give other teens that same experience.

### OUTSIDE OF SNOWBALL...

For my "day job" I am a high school math teacher. Outside of work, I really enjoy reading, baking, sewing and spending time with my family including my yorkie, Nova.
